

Improved patient and caregiver safety with SleepAngel Barrier bedding – barrier for viruses, allergens, pathogens and liquids

Did you know, The pillow (and soft surfaces overall) is an oft-overlooked link in a chain of cross-infection

Traditional pillows require add-on pillow protectors & pillow covers. This increases your purchase cost & ongoing laundry costs

Introducing SleepAngel Barrier Bedding for the Healthcare industry to address the post COVID-19 challenges and fight Healthcare Acquired Infections

SleepAngel PneumaPure™ technology, is globally patented (incl. EU, UK, North America, Japan, China, Russia, India, Middle East). Products are certified as Class I Medical Devices in the EU and registered Class I Medical Device with the FDA.

CE Certified as Class I Medical devices in the EU
Registered Class I Medical Device with the FDA
